

VISHAL JADHAV

Bawaliya khurd, Khudel, Indore, Madhya Pradesh (452016) | +91-8269197265 | vishaljadhavofficial05@gmail.com

[LinkedIn](https://www.linkedin.com/in/vishal-jadhav05): <https://www.linkedin.com/in/vishal-jadhav05>

Software Developer (Fresher) with solid Java and SQL fundamentals. Built multiple academic and personal projects. Eager to grow in a professional development environment.

EDUCATION

• IPS Academy, RGPV Indore	2024-2026
Masters of computer application	CGPA: 8.34
• Holkar Science college, DAVV Indore	2021-2024
Bachelor of Computer Science	CGPA: 6.29
• Kendriya Vidhyalaya No.1 Indore	2019-2021
Central Board of Secondary Education(12 th).	Percentage: 78.8%
• Ideal Higher Secondary School, Double Chowki, Dewas	2017-2018
Madhya Pradesh Board of Secondary Education (10 th).	Percentage: 81%

PERSONAL PROJECTS:

PERSONAL NOTES MANAGER | (Sept 2025)

[GitHub](#)

Technologies: Java, JSP, Hibernate, MySQL, Apache Tomcat, HTML, CSS, Bootstrap, MVC

- Designed and developed a **full-stack web-based notes management system** using Java and JSP, delivering an intuitive and user-centric interface.
- Implemented **Servlet-based controllers** to efficiently handle HTTP requests, responses, and application workflows.
- Integrated **Hibernate ORM** to enable seamless interaction between Java objects and the MySQL database, improving data consistency and maintainability.
- Developed complete **CRUD functionality** to allow users to create, view, update, and delete notes securely.
- Followed **MVC (Model–View–Controller) architecture**, ensuring modular, scalable, and maintainable code structure.
- Implemented **session management and server-side validation** to enhance user experience and application reliability.
- Led the creation of a **standardized reusable JSP component library** (4 components), reducing new page development time by **15%** and ensuring consistent UI/UX across the application.
- Deployed and tested the application on **Apache Tomcat**, ensuring stable server performance.

NOTEPAD EDITOR (DESKTOP APPLICATION)

Technologies: Java, Swing, AWT, SQL

- Developed a desktop-based Notepad application using Swing and AWT with a clean, responsive, and user-friendly interface.
- Implemented core text-editing features including **New, Open, Save, Cut, Copy, Paste, and Undo/Redo** operations.
- Utilized **Java I/O streams** to efficiently manage file reading and writing operations.
- Applied **Swing components** such as TextArea, MenuBar, and event listeners to create a smooth user interaction experience.
- Ensured modular code structure and effective event handling for better application performance and maintainability.

TECHNICAL SKILLS AND INTEREST:

- **Programming Languages:** Java, C++, C, SQL
- **Web Development:** HTML, CSS, Bootstrap
- **AI/ML:** Machine Learning (Basics)
- **Developer Tools:** Git, GitHub, VS Code, Eclipse, SpringToolSuite4
- **Database:** MySQL
- **CS Fundamentals:** DSA, DBMS, OOP
- **Areas of Interest:** Programming, Full-Stack Web Development
- **Soft Skills:** Problem Solving, Team Collaboration, Time Management, Communication, Positive Attitude.

ACHIEVEMENTS:

- ✓ Completed Java Training Program from **Ypsilon IT Solution Pvt. Ltd.**, gaining hands-on experience in core Java concepts and practical application development. [View Certificate](#)
- ✓ **2nd Place – NeuroThan Hackathon:** Developed **RapidAidVision**, an AI-driven disaster damage assessment tool using **Gemini API & Gradio**, enabling real-time image analysis and multilingual emergency support; deployed on **Hugging Face**.
- ✓ **Hackathon:** Developed **Back2Campus**, an alumni engagement platform enabling 100% centralized access to internship listings, job openings, and career guidance during the Hack-Arambh hackathon. [View Certificate](#)
- ✓ Actively Solving problems on platform like leetCode, Strengthening problem-solving and algorithmic thinking.
